

## **x|vise granted the Award for Innovation**

**On the 9<sup>th</sup> of June, the x|vise logistics consulting firm was awarded the *dispo Innovationspreis*. The prize was awarded during the festivities celebrating the magazines 40<sup>th</sup> anniversary. The company was awarded for their creative consulting and strong solutions approach. x|vise Managing Director Harry Stiastry took this chance to introduce a new study concerning the procurement behavior of Austrian and German enterprises.**

x|vise is a consulting firm focused on real-world solutions and specializes in the analysis and optimization of logistics processes. A total of 12 individuals are employed in Lauterach, Vienna, Graz and Dubai. "We are not satisfied in just giving recommendations but work together with our customers in finding solutions and pragmatic logistics processes - this means that innovations are not only creative but in fact also create added value", says x|vise Managing Director Harry Stiastry. "With this as a backdrop, I am highly delighted about our consulting approach being awarded with the innovation prize", continued Stiastry.

### **Procurement study**

x|vise recently published a study on Austrian and German enterprises' procurement behaviors. The survey was conducted with a representative cross-section of enterprises in different industries and sizes in both the countries. Each result is based on the statements of 100 enterprises. The results show problems, chances and potentials and derive respective recommended actions for the procuring enterprises and logistics service providers. A Management Summary is available for downloading at [www.xvise.com](http://www.xvise.com). The entire study can be ordered free of charge.
